PROFESSIONAL SUMMARY

First Class Honours Digital Media Design graduate currently studying Statistical Data Science, with experience in UX, visual design, digital content and marketing. Skilled in research, visual communication and creating clear, user-focused digital experiences.

SKILLS

Design & UX	AI & Generative Tools	Content & Marketing	Web & Technical
• Figma • Affinity Designer, Photo & Publisher • Microsoft PowerPoint, Word, Excel & Forms • Miro UX/Interaction Design • User Research • Usability Testing • Wireframing & Prototyping • Interface & User Journey Design • Accessibility • Branding & Visual Communication • Data Visualisation	• Miro AI • Canva AI • Figma Make • LTX Studio • ChatGPT • Claude • Gemini • Microsoft Copilot AI-assisted ideation, visual brainstorming, concept generation and content development, with critical evaluation and refinement of generated outputs.	• Digital Marketing • Social Media Content • Audience Analysis • Campaign Development • Presentation & Workshop Design • DaVinci Resolve (Video) • Reaper (Audio)	• HTML • CSS • JavaScript • Bootstrap • SolidWorks & CAD • Unity (VR/AR) • Maya (Animation) • Max MSP & Arduino Additional • Full Driving Licence • Diploma in Irish Dance • Two J1 Work Programmes

EDUCATION

BSc Digital Media Design	Graduate Certificate in Statistical Data Science	Leaving Certificate
University of Limerick • 2022-2026 First Class Honours (1:1)	University College Dublin • 2026-2027 Currently Studying	Ballyhaunis Community School • 2016-2022 Art – H1 • Biology – H2 • Maths – H3 • DCG – H3

RELEVANT EXPERIENCE

Teagasc • KT Outreach & Innovation
Ireland's Agriculture and Food Development Authority
Digital Media/Communications Placement | June-December 2024

- Translated technical research and information into clear, accessible digital materials for non-specialist audiences.
- Designed infographics, presentations, web graphics and digital learning resources using typography, layout and visual hierarchy.
- Created interface designs and maintained a consistent visual style across online educational materials.
- Updated website content to improve information clarity, readability and user experience.
- Supported the development and delivery of online and in-person workshops, communicating with participants and responding to queries.
- Assisted with the development, administration and scheduling of online educational programmes.

FINAL YEAR PROJECT

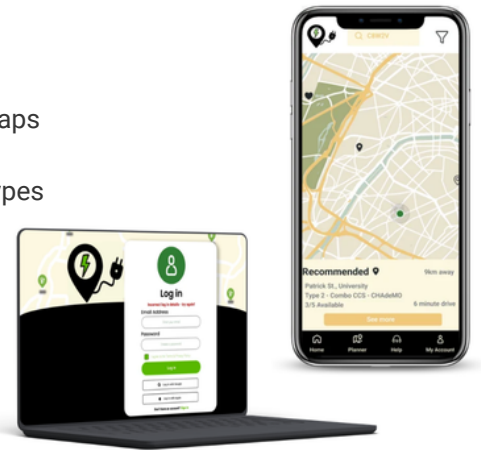

Beyond the Plug: Designing Practical and Sustainable EV Charging Experiences

UX/Interaction Design • Figma

Research question: *How can digital media design improve the overall user experience of EV charging beyond its technical function?*

Designed and prototyped a mobile EV charging app exploring how digital media design could improve the overall charging journey through a more accessible, personalised and user-focused experience.

- Conducted user research through surveys and interviews to identify user needs, behaviours and charging pain points.
- Analysed existing EV charging and navigation applications to identify usability gaps and opportunities.
- Developed user journeys, wireframes and low-, medium- and high-fidelity prototypes in Figma.
- Designed features addressing accessibility, safety, personalisation and sustainability, including charger filtering and route planning.
- Conducted usability testing and iteratively refined navigation, interactions and information hierarchy based on user feedback.
- Applied visual design and accessibility principles to create a clear, intuitive and consistent interface.

OTHER EXPERIENCE

Mac Siurtain's • Ballyhaunis Co. Mayo

Bar Staff • May 2026–Present

Manage customer orders and service efficiently while balancing multiple responsibilities in a busy pub environment.

Knock House Hotel • Co. Mayo

Housekeeping / Kitchen Porter • 2019–Present

Built a seven-year employment history across multiple roles, demonstrating long-term reliability, independence and consistent working standards.

Lizzie McNeill's • Chicago, USA

J1 Waitress / Host • 2026

Managed front-of-house interactions and guest needs while working within a fast-paced hospitality team in Chicago.

America's Dog & Burger • Chicago, USA

J1 Cook / Cashier • 2025

Worked across food preparation and till operations, adapting quickly to different responsibilities within an international workplace.
